May 3, 2018

PEACHTREE CORNERS, Ga.--(BUSINESS WIRE)--May 3, 2018-- [FLEETCOR Technologies, Inc.](#) (NYSE:FLT), a leading global provider of commercial payment solutions, announced today that it has entered into a new agreement with [Petrobras Distribuidora S.A. – BR](#) (B3: BRDT3) to enable card-less fuel payments at BR gas stations in Brazil using FLEETCOR's Radio Frequency Identification ("RFID") technology. Through this partnership, BR will begin accepting FLEETCOR's RFID-enabled fuel payments at many of its busiest gas stations in São Paulo and Rio de Janeiro, among other areas.

CGMP (also known as STP), a FLEETCOR company doing business as Sem Parar in Brazil, is the country's leading electronic toll payments provider. BR will promote the innovative payment solution to its 12+ million "Premmia" loyalty program members while CGMP will promote the solution through their existing sales channels.

"We are excited to partner with BR and introduce RFID-powered payments to millions of its customers. This partnership is yet another milestone in our long-standing relationship and provides FLEETCOR an opportunity to significantly grow our fuel payments business in Brazil," said Ron Clarke, FLEETCOR Chairman and CEO. "We look forward to working with BR to rapidly grow this program."
