

## Corpay Reports Second Quarter 2024 Financial Results

*Paymerang acquisition closed on July 1, 2024*

Atlanta, Ga., August 7, 2024 — Corpay, Inc. (NYSE: CPAY), a corporate payments company, today reported financial results for its second quarter ended June 30, 2024.

“Our results were slightly ahead of our expectations. Our most recent business trends, including same store sales, new sales and customer retention, all meaningfully improved in the second quarter, which bodes well for our 2024 exit,” said Ron Clarke, chairman and chief executive officer, Corpay, Inc. “Our Corporate Payments revenue continued to grow in the high teens and with the addition of Paymerang on July 1st and GPS Capital Markets expected in early 2025, that business is well on its way to becoming 40% of the company by the end of 2025.”

### Financial Results for Second Quarter of 2024:

#### GAAP Results

- Revenues increased 3% to \$975.7 million in the second quarter of 2024, compared with \$948.2 million in the second quarter of 2023, which included \$32 million of revenue from our sold Russia business.
- Net income attributable to Corpay increased 5% to \$251.6 million in the second quarter of 2024, compared with \$239.7 million in the second quarter of 2023.
- Net income per diluted share attributable to Corpay increased 10% to \$3.52 in the second quarter of 2024, compared with \$3.20 per diluted share in the second quarter of 2023.

#### Non-GAAP Results<sup>1</sup>

- EBITDA<sup>1</sup> increased 4% to \$517.7 million in the second quarter of 2024, compared to \$497.1 million in the second quarter of 2023, up 10% ex-Russia.
- Adjusted net income attributable to Corpay<sup>1</sup> increased 3% to \$325.0 million in the second quarter of 2024, compared with \$314.3 million in the second quarter of 2023.
- Adjusted net income per diluted share attributable to Corpay<sup>1</sup> increased 8% to \$4.55 in the second quarter of 2024, compared with \$4.19 per diluted share in the second quarter of 2023, up 14% ex-Russia.

“Our Corporate Payments and Vehicle Payments segments delivered solid performance driven by implementations and ramping of new sales. Our U.S. local fleet and lodging businesses demonstrated progress in the second quarter with strong sales and improving same store sales,” said Tom Panther, chief financial officer, Corpay, Inc. “Our EBITDA margin improved 60 bps, and we repurchased 2.2 million shares in the quarter. This brings our total repurchases to 3.3 million shares for the year.”

### Updated Fiscal Year 2024 Outlook:

“Our outlook for the remainder of the year includes \$25-\$35 million of Paymerang revenue, offset by slightly unfavorable foreign exchange rates and fuel prices compared with our May outlook, in addition to a slower lodging recovery. For the second half of 2024, we expect revenue growth acceleration as we exit the year, driven by sales, improving retention, flat same store sales and business initiatives,” concluded Panther.

For fiscal year 2024, Corpay, Inc. updated financial guidance<sup>1</sup> is as follows:

- Total revenues between \$3,975 million and \$4,025 million;
- Net income between \$1,058 million and \$1,088 million;
- Net income per diluted share between \$14.85 and \$15.15;
- Adjusted net income between \$1,345 million and \$1,375 million; and
- Adjusted net income per diluted share between \$18.85 and \$19.15.

Corpay's guidance assumptions are as follows:

For the balance of the year:

- Weighted average U.S. fuel prices equal to \$3.55 per gallon;
- Fuel price spreads flat with the 2023 average; and
- Foreign exchange rates equal to the July 2024 monthly average.

For the full year:

- Interest expense between \$370 million and \$390 million;
- Approximately 72 million fully diluted shares outstanding;
- A tax rate of approximately 24% to 25%; and
- No impact related to material acquisitions not already closed.

### **Third Quarter of 2024 Outlook:**

"Third quarter revenues are expected to be between \$1,015 million and \$1,035 million, and adjusted net income per diluted share between \$4.90 and \$5.00. Third quarter revenues and adjusted net income per diluted share growth, excluding the sale of our Russia business, is expected to be 7% and 13%, respectively at the mid-point," concluded Panther.

### **Conference Call:**

The Company will host a conference call to discuss second quarter 2024 financial results today at 5:30 pm ET. Hosting the call will be Ron Clarke, chief executive officer, Tom Panther, chief financial officer and Jim Eglseder, investor relations. The conference call will be webcast live from the Company's investor relations website at <http://investor.corpay.com>. The conference call can also be accessed live over the phone by dialing (800) 225-9448 or (203) 518-9708; the Conference ID is "CORPAY". A replay will be available one hour after the call and can be accessed by dialing (844) 512-2921 or (412) 317-6671 for international callers; the replay access ID is 11156469. The replay will be available through Thursday, August 15, 2024. Prior to the conference call, the Company will post supplemental financial information that will be discussed during the call and live webcast.

### **Forward-Looking Statements:**

This press release contains forward-looking statements within the meaning of the federal securities laws. Statements that are not historical facts, including statements about Corpay's beliefs, assumptions, expectations and future performance, are forward-looking statements. Forward-looking statements can be identified by the use of words such as "anticipate," "intend," "believe," "estimate," "plan," "seek," "project" or "expect," "may," "will," "would," "could" or "should," the negative of these terms or other comparable terminology.

These forward-looking statements are not a guarantee of performance, and you should not place undue reliance on such statements. We have based these forward-looking statements largely on preliminary information, internal estimates and management assumptions, expectations and plans about future conditions, events and results. Forward-looking statements are subject to many uncertainties and other variable circumstances, such as our ability to successfully execute our strategic plan, manage our growth and achieve our performance targets; the impact of macroeconomic conditions, including any recession that has occurred or may occur in the future, and whether expected trends, including retail fuel prices, fuel price spreads, fuel transaction patterns, electric vehicle, and retail lodging price trends develop as anticipated and we are able to develop successful strategies in light of these trends; our ability to attract new and retain existing partners, fuel merchants, and lodging providers, their promotion and support of our products, and their financial performance; the failure of management assumptions and estimates, as well as differences in, and changes to, economic, market, interest rate, interchange fees, foreign exchange rates, and credit conditions, including changes in borrowers' credit risks and payment behaviors; the risk of higher borrowing costs and adverse financial market conditions impacting our funding and liquidity, and any reduction in our credit ratings; our ability to successfully manage our credit risks and the sufficiency of our allowance for expected credit losses; our ability to securitize our trade receivables; the occurrence of fraudulent activity, data breaches or failures of our information security controls or cybersecurity-related incidents that may compromise our systems or customers' information; any disruptions in the operations of our computer systems and data centers; the international operational and political risks and compliance and regulatory risks and costs associated with international operations; the impact of international conflicts, including between Russia and Ukraine, as well as within the Middle East, on the global economy or our business and operations; our ability to develop and implement new technology, products, and

services; any alleged infringement of intellectual property rights of others and our ability to protect our intellectual property; the regulation, supervision, and examination of our business by foreign and domestic governmental authorities, as well as litigation and regulatory actions, including the lawsuit filed by the Federal Trade Commission (FTC); the impact of regulations and related requirements relating to privacy, information security and data protection; derivative and hedging activities; use of third-party vendors and ongoing third-party business relationships; and failure to comply with anti-money laundering (AML) and anti-terrorism financing laws; changes in our senior management team and our ability to attract, motivate and retain qualified personnel consistent with our strategic plan; tax legislation initiatives or challenges to our tax positions and/or interpretations, and state sales tax rules and regulations; the risks of mergers, acquisitions and divestitures, including, without limitation, the related time and costs of implementing such transactions, integrating operations as part of these transactions and possible failures to achieve expected gains, revenue growth and/or expense savings from such transactions; our ability to remediate material weaknesses and the ongoing effectiveness of internal control over financial reporting; our restatement of prior quarterly financial statements discussed in our Annual Report of Form 10-K for the year ended December 31, 2024 (the "2023 Form 10-K") may affect investor confidence and raise reputational issues and may subject us to additional risks and uncertainties, including increased professional costs and the increased possibility of legal proceedings and regulatory inquiries, as well as the other risks and uncertainties identified under the caption "Risk Factors" in the 2023 Form 10-K filed with the Securities and Exchange Commission ("SEC") on February 29, 2024 and subsequent filings with the SEC made by us. These factors could cause our actual results and experience to differ materially from any forward-looking statement made herein. The forward-looking statements included in this press release are made only as of the date hereof and we do not undertake, and specifically disclaim, any obligation to update any such statements as a result of new information, future events or developments, except as specifically stated or to the extent required by law. You may access Corpay's SEC filings for free by visiting the SEC web site at [www.sec.gov](http://www.sec.gov).

#### **About Non-GAAP Financial Measures:**

This press release includes non-GAAP financial measures, which are used by the Company as supplemental measures to evaluate its overall operating performance. The Company's definitions of the non-GAAP financial measures used herein may differ from similarly titled measures used by others, including within our industry. By providing these non-GAAP financial measures, together with reconciliations to the most directly comparable GAAP financial measures, we believe we are enhancing investors' understanding of our business and our results of operations, as well as assisting investors in evaluating how well we are executing strategic initiatives. See the appendix for additional information regarding these non-GAAP financial measures and a reconciliation to the most directly comparable GAAP measure.

The Company refers to free cash flow, cash net income and adjusted net income attributable to Corpay interchangeably, a non-GAAP financial measure. Adjusted net income attributable to Corpay is calculated as net income attributable to Corpay, adjusted to eliminate (a) non-cash stock based compensation expense related to stock based compensation awards, (b) amortization of deferred financing costs, discounts, intangible assets, and amortization of the premium recognized on the purchase of receivables, (c) integration and deal related costs, and (d) other non-recurring items, including unusual credit losses, the impact of discrete tax items, the impact of business dispositions, impairment charges, asset write-offs, restructuring costs, loss on extinguishment of debt, and legal settlements and related legal fees. We adjust net income for the tax effect of adjustments using our effective income tax rate, exclusive of discrete tax items. We calculate adjusted net income attributable to Corpay and adjusted net income per diluted share attributable to Corpay to eliminate the effect of items that we do not consider indicative of our core operating performance.

Adjusted net income attributable to Corpay and adjusted net income per diluted share attributable to Corpay are supplemental measures of operating performance that do not represent and should not be considered as an alternative to net income, net income per diluted share or cash flow from operations, as determined by U.S. generally accepted accounting principles, or U.S. GAAP. We believe it is useful to exclude non-cash share based compensation expense from adjusted net income because non-cash equity grants made at a certain price and point in time do not necessarily reflect how our business is performing at any particular time and share based compensation expense is not a key measure of our core operating performance. We also believe that amortization expense can vary substantially from company to company and from period to period depending upon their financing and accounting methods, the fair value and average expected life of their acquired intangible assets, their capital structures and the method by which their assets were acquired; therefore, we have excluded amortization expense from our adjusted net income. Integration and deal related costs represent business acquisition transaction costs, professional services fees, short-term retention bonuses and system migration costs, etc., that are not indicative of the performance of the underlying business. We also believe that certain expenses, discrete tax items, gains on business disposition, recoveries (e.g. legal settlements, write-off of customer receivable, etc.), gains and losses on investments, and impairment charges do not necessarily reflect how our investments and business are performing. We adjust

net income for the tax effect of each of these adjustments items using the effective tax rate during the period, exclusive of discrete tax items.

Organic revenue growth is calculated as revenue growth in the current period adjusted for the impact of changes in the macroeconomic environment (to include fuel price, fuel price spreads and changes in foreign exchange rates) over revenue in the comparable prior period adjusted to include or remove the impact of acquisitions and/or divestitures and non-recurring items that have occurred subsequent to that period. We believe that organic revenue growth on a macro-neutral, one-time item, and consistent acquisition/divestiture/non-recurring item basis is useful to investors for understanding the performance of Corpay.

EBITDA is defined as earnings before interest, income taxes, interest expense, net, other expense (income), depreciation and amortization, loss on extinguishment of debt, investment loss/gain and other operating, net. EBITDA margin is defined as EBITDA as a percentage of revenue.

Management uses adjusted net income attributable to Corpay, adjusted net income per diluted share attributable to Corpay, organic revenue growth and EBITDA:

- as measurements of operating performance because they assist us in comparing our operating performance on a consistent basis;
- for planning purposes, including the preparation of our internal annual operating budget;
- to allocate resources to enhance the financial performance of our business; and
- to evaluate the performance and effectiveness of our operational strategies.

### **About Corpay**

Corpay (NYSE: CPAY) is a global S&P 500 corporate payments company that helps businesses and consumers manage and pay expenses in a simple, controlled manner. Corpay's suite of modern payment solutions help its customers better manage vehicle-related expenses (e.g. fueling and parking), travel expenses (e.g. hotel bookings) and accounts payable (e.g. paying vendors). This results in our customers saving time and ultimately spending less. Corpay – Payments made easy. For more information, please visit [www.corpay.com](http://www.corpay.com).
